ONE OF THE OLDEST FAMILY COFFEE ROASTERS IN AMERICA SHOWS ITS PHILADELPHIA ROOTS

For a limited time only Ellis Coffee Company is featuring an American Heritage Coffees single cup coffee shipper

Philadelphia, Pa., June 24, 2016— For over 160 years Ellis Coffee has gone to work every day to provide an extraordinary coffee experience. Through four generations of family leadership Ellis Coffee has perfected the processes of sourcing, roasting, and distributing the finest coffees. This long time roaster proudly represents the heritage of America and the City of Philadelphia where they were founded in 1854. As a full service roaster, they confidently compete with the national brands and has recently launched a successful line of single serve coffee cups.

With 2016 being an election year and in honor of the summer holidays, Ellis Coffee decided to show our pride by offering the American Heritage Shipper. The shipper is available for a limited time only and consists of four of our most popular coffee blends of E-Cups. These products truly represent American Heritage with unique packaging designs and blends such as William Penn, Philadelphia Roast, Presidential, and 1854.

President Adam Kestenbaum explains, “Through innovation and our team’s ability to understand and identify trends we have remained on the cutting edge of today’s consumer demands. We are continuing to compete in all venues with national roasters, while never losing sight of what has been the hallmark of our business for 160 years; customer service.”

Although Ellis Coffee has multiple lines to cater to ever-changing consumer demands, Ellis remains true to Philadelphia roots in continuing to expand the Heritage line. These blends of coffee have even been enjoyed by illustrious patrons over the past centuries, including many of our nation’s Presidents and now they are available to be enjoyed at home. With Ellis Coffee’s diversity, customers can feel confident they will find a blend perfect for everyone.

Premium coffee roaster for over 150 years

Based in Philadelphia, Ellis Coffee Company is a manufacturer of branded and private label coffees to office and food service distributors, convenience and retail chains, healthcare, hotels, and restaurants in the eastern United States. Ellis Coffee Company is a fourth generation family-run business with a long and rich history dating back to 1854. Adam Kestenbaum, a great grandson and current President, balances the tradition and relationships of a family-run business with innovation and professionalism necessary to succeed in today’s marketplace. The Ellis team partners with our customers to develop and deliver successful coffee programs through our international coffee sourcing, expertise in the art of roasting, extensive product and equipment lines, field sales & distribution, full service support programs, and marketing expertise.
